MAR 09 2000

Telephone number (optional): ()

I request that these comments be made a part of the official record.

Incomplete health impact assessment.

- 1 • It is assumed that the only radiation health impact is one of cancer fatality, "latent cancer fatality". Cancer fatality represents only one of many radiation health impacts; other possible effects are premature aging, mild mutations in offspring, excess tumors, and genetic and teratogenic effects.
- 2 I have products that CURE cancer and other illnesses: www.healththru nutrition.com www.pureform nutrition.com. Keep NEVADA Healthy. STOP NUCLEAR ACTIVITY
